# Who We Are

Leger Experiences provides design, coordination, and production services for a variety of special events, retreats, and trips around the world. Led by Sara Leger, a 20-year veteran in the hospitality industry, we specialize in crafting unique small group events and trips for discerning clients.

# Who We Serve

We are privileged to work with individuals, organizations, and brands who desire an exceptional experience without the headache of planning it themselves. You value your time and energy and prefer to delegate the details so you may stay focused on your program, your people, and your passion.
